

## WHITENING FOR LIFE APPLICATION

We have established a program that lets you have that amazing white smile you always craved. After the initial enrollment fee, you can enjoy a consistently whiter smile for the rest of your life **FOR FREE!**

### ENROLLMENT FEE COVERS:

- Custom whitening trays or "GO" trays
- Stone model of your mouth to keep (optional)
- Initial: 8 whitening syringes or 10 GO trays
- 2 whitening syringes or 4 GO trays every 6 months

### HOW TO MAINTAINING ACTIVE ENROLLMENT

- Keep every hygiene appointment (usually every 3-6 months)
- Give more than 24-hour notices if you can't make an appointment

- If more syringes/GO trays are needed on top of those given every six months you can purchase them separately at the reduced price: \$20 for (2) syringes or \$40 for (4) GO trays
- If a new tray is needed, bring your old tray in and we will make a new tray free of charge. If the model is lost or damaged we can make a new tray at a reduced price.
- Some patients may need professional dental cleanings less than six months. Whitening less than six months is typically not necessary; eligibility for new syringes is every six months regardless of cleaning schedules in this case.
- If a hygiene appointment under six months is missed or an appointment is cancelled under 24 hours without due cause, the patient may be subject to forfeiting the benefits of our Whitening for Life program.
- Signing below confirms my willingness to participate in this program and that I am aware of the expectations and benefits.
